Tovel was founded in 1970; the company initially manufactured a line of mortar/plaster mixers and engaged in the repair of machinery, mostly forklifts. The development of a unique Tovel forklift commenced with the production of the first heavy duty 2-Wheel Drive unit.

Tovel currently resides in a modern, fully equipped 60,000 square foot facility located in Concord, Ontario just outside of Toronto.

Tovel - Raising You To New Heights!

For more information contact:

TL 22 Lazer Series

(16,000 - 40,000 lbs)

The TL 22 Lazer Series Telehandler is a 2-Wheel Drive, 2-Wheel Steer telescopic forklift. When that not so rough terrain but heavy lift telescopic is required, the TL 22 Series is the unit your application calls for. With the same "Low Profile" and "360 Degree Visibility" as all Laser Series Telehandlers utilize, you can see how these units are the preferred choice in the industry.

TL 44 Lazer Series

(6,000 - 40,000 lbs)

The TL 44 Lazer Series Telehandler is the first North American built true "Low Profile" boom mounted unit. By mounting the boom below the cab, it provides much greater stability and unobstructed 360-degree visibility. Combined, these features, make this unit one of the safest telehandlers on the market.

TS 22 Super Lift Series

(6,000 - 40,000 lbs)

The TS 22 Series is a 2-Wheel Drive, 2-Wheel Steer rough terrain forklift. With its rugged simple design and excellent visibility through its "I-Beam" Open View Mast, it's easy to see why so many customers prefer the TS 22 Series forklift.

TS 42 Super Lift Series

(6,000 - 40,000 lbs)

Very similar in design as the TS 22 Series, the TS 42 Series is a 4-Wheel Drive, 2-Wheel Steer built for applications requiring additional traction. With its compact design, superior visibility and a vast array of carriage and mast options, the TS 42 Series is the perfect solutions to any application.

TS 44 Super Lift Series

(6,000 - 40,000 lbs)

The Tovel TS 44 Super Lift Series is the platform to which all other Tovel forklifts originated. 4-Wheel Drive, 4-Wheel Steer, Frame Level and most importantly Limited Slip Differentials Front and Rear, all standard features with this series. With its rugged design, ease of serviceability and built with safety in mind, it is easy to see why customers prefer Tovel rough terrain forklifts over many competitors.

TM Mortar Mixer & TMB Mortar Box Series

From 8 - 20 cubic foot Mortar/Plaster Mixers to 8 cubic foot mortar boxes, Tovel has the solution for your business.

Over 45 years of industry proven success, Tovel provides consistent quality mix with industry leading batch speed. All mortar mixers are available in either stand mount or towable. The mortar box is available with fork pockets and mortar buggies are available with caster wheels.

TS 3-15 Moto Lift Series (3,000)

Nothing like it on the market! The TS 3-15 Moto Lift is the ultimate 3-Wheel rough terrain walk behind forklift. It's unique balanced design allow this unit to safely lift 3000 lbs to a maximum height of 15 feet while only weighing in at 3000 lbs. With built in fork pockets and lifting hooks, this unit can be easily placed in any environment making it the ultimate compact rough terrain forklift!

TGB Garbage Bin Hopper Series

Available from 0.75 - 3.5 cubic yard capacities. All heavy duty all metal hopper bins are self dumping
