**INDEPENDENT EQUIPMENT**

## CAPACITY

The factory complex covers an area of 130,000 sq meters or 1.3 million square feet with a total investment of \$6,365,000 USD.

Maximal specializes in material handling equipment design & manufacture.

Present production capacity is 15,000 forklifts per year.

This modern facility features;

- high tech computer controlled component production
- component coating line
- assembly line
- machine performance test area
- forklift stability tilt table

## SIMILARITIES

M series 5,000lb  
Electric  
4 Wheel Forklifts

### FEATURES

- 👍 Capacity 5,000lb
- 👍 Wheel Style Solid/Cushion/  
Pneumatic
- 👍 Operator Features Premium suspension  
safety seat, forward  
positioned hydraulic  
control and left hand  
directional travel levers
- 👍 Maneuverability Same undercarriage  
components for  
maximal turning
- 👍 Productivity No functional difference  
in power or lifting

M series 5,000lb  
Gas/ LPG/CNG  
4 Wheel Forklifts

### FEATURES

- 👍 Capacity 5,000lb
- 👍 Wheel Style Solid/Cushion/  
Pneumatic
- 👍 Operator Features Premium suspension  
safety seat, forward  
positioned hydraulic  
control and left hand  
directional travel levers
- 👍 Maneuverability Same undercarriage  
components for  
maximal turning
- 👍 Productivity No functional difference  
in power or lifting

## ELECTRIC BENEFITS

M series 5,000lb  
Electric  
4 Wheel Forklifts

### FEATURES

- 👉 Fuel Efficiency      100% AC Power, Overnight Charging
- 👉 Low Noise            Quiet, No engine noise
- 👉 Lower Cost of Operation      Simple, automated charging and watering systems
- 👉 Reduced Maintenance      Brushless motors have fewer parts, much less maintenance
- 👉 Cleaner Environment      No fossil fuels means no emissions

M series 5,000lb  
Gas/ LPG/CNG  
4 Wheel Forklifts

### FEATURES

- 👉 Fuel Efficiency      Fuel Cans, Refill Time, Hazard of Spills
- 👉 Low Noise            Mufflers, Engine Noise
- 👉 Lower Cost of Operation      Storage of extra fuel and or LP tanks
- 👉 Reduced Maintenance      As always, high heat and friction wear parts create more repairs
- 👉 More Toxic Environment      Constant Emissions

**WHERE'S THE GOLD**

M series 5,000lb  
Electric  
4 Wheel Forklifts

**OPERATIONAL COST**

8 hour charging cycle (over night)	Pulls 17-20 Amps
\$.12 per kw hour	\$4.61/chg cycle
Weekly (5day) cost	\$23.05
Monthly (22day) cost	\$101.42
Yearly (264day) cost	\$1,217.04
5 year Term	\$6,085.20

Savings over 5 years  
**\$26,096.40**

M series 5,000lb  
Gas/ LPG/CNG  
4 Wheel Forklifts

**OPERATIONAL COST**

8 hour operation (1) 33lb tank	\$3.25
7.5 gallon / tank	\$24.38
Weekly (5day) cost	\$121.90
Monthly (22day) cost	\$536.36
Yearly (264day) cost	\$6,436.32
5 year Term	\$32,181.60

## CONVENIENT AND EASY MAINTENANCE

MAXIMAL lift trucks are designed for the operator to be more productive and require less downtime for maintenance.

MAXIMAL value added lift trucks have earned a reputation for being tough, reliable and agile to handle more product with less operator effort in virtually every application.

## Why Maximal?

Maximal dealers have grown strong vibrant businesses and as such, understand what it takes to keep your business moving forward. Each of our dealers have partnered with financial institutions in their respective areas to provide competitive, affordable financing and leasing options to help with the attainment of quality material handling products.

Each of our dealers, back through the Maximal Products manufacturer have invested time and money in establishing parts availability that reduces down time. Maximal Parts (not already stocked) are available to dealers via online content and expedited shipping methods.

Need service on site? Maximal dealers are also chosen for their service standards in their respective areas. You'll find fully equipped service vehicles and experienced service technicians readily available to bring support to your door step. We know your business demands more than just quality products. Maximal USA has established an on line parts sourcing system to expedite parts at your convenience. With over 32,500 part numbers in our extensive inventory, we can provide the parts that keep the machine in peak operating condition.
